The Pandora Sequence (Paperback) Alex James, 2019-07

La Estatua de Prometeo Juan Hidalgo, Pedro Calderón de la Barca, Margaret Rich Greer, Louise K. Stein, 1986

A Game of Authors Frank Herbert, 2013-10-18 A conspiracy thriller from the New York Times bestselling author of Dune one of America's most intelligent imaginative and magnetic novelists Kirkus Reviews In pursuit of a scoop American journalist Hal Garson follows up on a mysterious desperate letter that points to the whereabouts of legendary author Antone Luac who vanished without a trace in Mexico years ago The celebrated writer's disappearance is an

enduring mystery and Garson senses this story will make his career. Despite warnings he travels to isolated Ciudad Brockman and begins asking questions too many questions which place him in the crossfire of a local crime lord, a Communist insurgent group and finally to the imprisoned writer and his beautiful daughter who may not want to be found.

The Play of Power Margaret Rich Greer, 2017-03-14 Pedro Calderon de la Barca 1600-1681, one of the great dramatists of Spain's Golden Age, wrote a series of mythological spectacle plays for the Habsburg courts. Written when court spectacles were an instrument of monarchical absolutism, these later works by Calderon have often been dismissed by critics as servile flattery of the royalty or mere displays of dazzling showmanship. Margaret Rich Greer argues, however, that many of the playwright's court dramas not only explore human life and social organization but also possess artistic unity and thematic complexity that make them landmarks in European dramatic history. Analyzing seven of these plays, she demonstrates Calderon's mastery in the integration of music, dance, elaborate scenery and stage machinery to enhance rather than overpower his poetic text. Greer shows that by envisioning each drama in the physical setting of its performance and in the political context of its time, readers can appreciate a complex relationship of texts intertwined with the flattering image of the splendor of royal power, are a discourse relevant to common spectators and another one that is subtly critical of the policies of the king and the court. Originally published in 1991, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Lazarus Effect Frank Herbert, Bill Ransom, 1984 In *The Jesus Incident*, Frank Herbert and Bill Ransom introduced Ship, an artificial intelligence that believed it was God abandoning its unworthy human cargo on the all-sea world of Pandora. Now centuries have passed. The descendants of humanity split into Mermen and Islanders must reunite because Pandora's original owner is returning to life.

Viravax Bill Ransom, 2011-07-04 A near-future thriller of deadly genetic warfare. The private laboratory known as ViraVax, deep in the Central American jungles, is known for conducting questionable genetic research outside of safety regulations and oversight. Ex-intelligence officer Rico Toledo has uncovered a horrifying truth: Viravax, run by a mysterious utopian group called the Children of Eden, wants to remake the world and humanity itself according to their own image. As he digs deeper, Toledo's worst suspicions have been confirmed: his partner has been genetically programmed for assassination. And Toledo may have been altered too.

The Pandora's Box of the Roaring Twenties Ruben Ygua, 2025-08-20 Suddenly the brief crisis of 1921 was behind us. From 1922 everyone had money; they were prospering and the future looked wonderful for Americans. That wave of growth reached Europe in 1924; the hard times, the war and the suffering seemed to belong to the past. A blind confidence in the capitalist system was imposed. The United States became the engine of the world economy; the American

way of life was exported to the whole of the West jazz fashion sound films industrial products telephones household appliances cars and the inventions that emerged every day seduced the European and Asian masses Dry Law becomes anachronistic outdated a symbol of the past of sacrifice and hardship Everyone wants to party and drink feeding the contraband The thugs and organized crime emerge immediately romanticized by cinema and literature Even Germany seems to be living a period of artistic and cultural splendor with its cabarets and show houses Behind this global economic miracle lurks an economic body that is taking its first steps still unaware of its enormous powers in practice the FED the American Federal Reserve in private hands since its creation in 1913 The war brought them enormous profits and benefits and their intervention probably reduced the effects of the 1921 crisis In that year they decided to take their first steps towards their ultimate goal control of the world economy by increasing the money supply intensively by feeding consumption by granting huge loans to the public and the banks Mechanisms were created that facilitated credit This easy and cheap money favored the emergence of a large number of banks whose main source of income was the stock exchange There was no state control the FED had complete freedom of action and the consequence was an explosion of consumption never before seen The opulent America revealed itself to the eyes of the whole world as the paradigm of freedoms of possibilities of enrichment and well being The values that drove it were those of success initiative and individual effort The group of international Jewish bankers owners of the FED had managed to dictate world financial policy for the first time and the world hallucinated by the Roaring Twenties ran wildly and optimistically to the top of the hill where a number glimmered 1929
