Yamazaki, Louis B. Fleming, 1995 *Children of the Atomic Bomb* is Dr Yamazaki s account of a lifelong effort to understand and document the impact of nuclear explosions on children particularly the children conceived but not yet born at the time of the explosions Assigned in 1949 as Physician in Charge of the United States Atomic Bomb Casualty Commission in Nagasaki Yamazaki had served as a combat surgeon at the Battle of the Bulge where he had been captured and held as a prisoner of war by the Germans In Japan he was confronted with violence of another dimension the devastating impact of a nuclear blast and the particularly insidious effects of radiation on children Yamazaki s story is also one of striking juxtapositions an account of a Japanese American s encounter with racism the story of a man who fought for his country while his parents were interned in a concentration camp in Arkansas      **God's Samurai** Gordon William Prange, Donald M. Jones, 2024-10-19 General George S Patton s legendary image was carefully crafted during World War II and continues to shape our understanding of American history and culture today Historian Nathan C Jones explores the creation of the Patton legend

and its enduring legacy in Patton's Shadow      Patton J. Furman Daniel, 2020-04-03 General George S Patton Jr is one of the most successful yet misunderstood figures in American military history Despite the many books and articles written about him none considers in depth how his love of history shaped the course of his life In this thematic biography Furman Daniel traces Patton's obsession with history and argues that it informed and contributed to many of his successes both on and off the battlefield Patton deliberately cultivated the image of himself as a warrior from ages past the more interesting truth is that he was an exceptionally dedicated student of history He was a hard worker and voracious reader who gave a great deal of thought to how military history might inform his endeavors Most scholars have overlooked this element of Patton's character which Daniel argues is essential to understanding the man's genius      **Making Patton** Nicholas Evan Sarantakes, 2012-09-26 Forever known for its blazing cinematic image of General George S Patton portrayed by George C Scott addressing his troops in front of a mammoth American flag Patton won seven Oscars in 1971 including those for Best Picture and Best Actor In doing so it beat out a much ballyhooed M A S H irreverent darling of the critics and grossed 60 million despite an intense anti war climate But as Nicholas Evan Sarantakes reveals it was a film that almost didn't get made Sarantakes offers an engaging and richly detailed production history of what became a critically acclaimed box office hit He takes readers behind the scenes even long before any scenes were ever conceived to recount the trials and tribulations that attended the epic efforts of producer Frank McCarthy like Patton a U S Army general and Twentieth Century Fox to finally bring Patton to the screen after eighteen years of planning Sarantakes recounts how filmmakers had to overcome the reluctance of Patton's family copyright issues with biographers competing efforts for a biopic and Department of Defense red tape He chronicles the long search for a leading man including discussions with Burt Lancaster John Wayne and even Ronald Reagan before settling on Scott a brilliant actor who brought to the part both enthusiasm for the project and identification with Patton's passionate persona He also tracks the struggles to shoot the movie with a large multinational cast huge outlays for military equipment and filming in six countries over a mere six months And he provides revealing insider stories concerning for example Scott's legendary drinking bouts and the origins of and debate over his famous opening monologue Drawing on extensive research in the papers of Frank McCarthy and director Franklin Schaffner studio archives records of the Academy of Motion Picture Arts and Sciences contemporary journalism and oral histories Sarantakes ultimately shows us that Patton is more than just one of the best war films ever made Culturally it also spoke to national ideals while exposing complex truths about power in the mid twentieth century      *Roosevelt's Centurions* Joseph E. Persico, 2013-05-28 FDR's centurions were my heroes and guides Now Joe Persico has written the best account of those leaders I've ever read Colin L Powell All American presidents are commanders in chief by law Few perform as such in practice In Roosevelt's Centurions distinguished historian Joseph E Persico reveals how during World War II Franklin D Roosevelt seized the levers of wartime power like no president since Abraham Lincoln during the Civil War Declaring himself Dr Win the War FDR assumed the role

of strategist in chief and though surrounded by star studded generals and admirals he made clear who was running the war FDR was a hands on war leader involving himself in everything from choosing bomber targets to planning naval convoys to the design of landing craft Persico explores whether his strategic decisions including his insistence on the Axis powers unconditional surrender helped end or may have prolonged the war Taking us inside the Allied war councils the author reveals how the president brokered strategy with contentious allies particularly the iron willed Winston Churchill rallied morale on the home front and handpicked a team of proud sometimes prickly warriors who he believed could fight a global war Persico s history offers indelible portraits of the outsize figures who roused the sleeping giant that defeated the Axis war machine the dutiful yet independent minded George C Marshall charged with rebuilding an army whose troops trained with broomsticks for rifles eggs for hand grenades Dwight Eisenhower an unassuming Kansan elevated from obscurity to command of the greatest fighting force ever assembled the vainglorious Douglas MacArthur and the bizarre battlefield genius George S Patton Here too are less widely celebrated military leaders whose contributions were just as critical the irascible dictatorial navy chief Ernest King the acerbic army advisor in China Vinegar Joe Stilwell and Henry H Hap Arnold who zealously preached the gospel of modern air power The Roosevelt who emerges from these pages is a wartime chess master guiding America s armed forces to a victory that was anything but foreordained What are the qualities we look for in a commander in chief In an era of renewed conflict when Americans are again confronting the questions that FDR faced about the nature and exercise of global power Roosevelt s Centurions is a timely and revealing examination of what it takes to be a wartime leader in a freewheeling complicated and tumultuous democracy
