Is Not Tess Gallagher, 2019-05-07 Tess Gallagher's new poems are suspended between contradiction and beauty Is Is Not upends our notions of linear time evokes the spirit and sanctity of place and hovers daringly at the threshold of what language can nearly deliver while offering alternative corollaries as gifts of its failures Tess Gallagher's poems reverberate with the inward clarity of a bell struck on a mountaintop Guided by humor grace and a deep inquiry into the natural world every poem nudges us toward moments of awe How else except by delight and velocity would we discover the miracle within the ordinary Gallagher claims many Wests the Northwest of America the Northwest of Ireland and a West even further to the edge beyond the physical These landscapes are charged with invisible energies and inhabited by the people living and dead who shape Gallagher's poems and life Restorative in every sense Is Is Not is the kind of book that takes a lifetime to write a book of the spirit made manifest by the poet s unrelenting gaze and her intimate engagement with the mysteries that keep us reaching
