Purport of Freemasonry (Annotated Edition) John Fellows,2013-10-17 The intention of this work is to endeavor to
unravel the intricate web in which the mystery of freemasonry is involved by tracing the order back to its source and by
showing its intimate connection and similitude to institutions more ancient put it beyond a doubt that it sprang from and is a
continuation of the rites and ceremonies observed in those establishments That the writer as a freemason is extremely liberal
may be judged from his own reprobation of the oaths imposed upon members He considers a total abandonment of the oaths
at the present day requisite He says that the mysteries from which the institution was derived created and that the custom of
the times when it was established sanctioned the most horrible oaths The argument used that these oaths are no longer
necessary is we think effectual against the existence of Masonry itself *The History of Freemasonry* Albert Gallatin
