Laudicina, 2012-09-04 The Answer to Global Overload Contending with the 24 7 news cycle and an endless barrage of choices and information has stymied leadership and decision making strategies among those at the top But we all know this is not a just a problem for the

elite The broad based reaction to this chaotic unmanageable assault has been to retrench and to focus on immediate controllable decisions In the process we lose sight of the horizon More dangerous still is the shift we ve seen from value creation to wealth creation where information technology 1 0 has enabled a transaction based society in which the deal is more important than the value it drives or the relationships it is based on On our current path the odds of a better future are slim What we need is a new value proposition Beating the Global Odds is the answer to the dangers of too much of a good thing There's no going back but there is the opportunity to set things right In this book Paul A Laudicina Managing Partner and Chairman of the Board of global consulting firm A T Kearney provides a fast paced and engaging tour of how we got to this point and what we can do about it Drawing on examples from everything from world history and current media to anecdotes from his vast network of CEOs and the world's most innovative thinkers Laudicina helps bring our world of seemingly fuzzy and disconnected pixels into sharp focus The result is a compelling case for change and call to action not only for global leaders but also for everyone who struggles with the question of how we can inspire and seize a better future how we can beat the global odds Take Control Gary Burnison, 2022-10-11 THE WORKSCAPE HAS CHANGED HAVE YOU The workscape has changed one of the most dramatic transformations of the past few years Think about it For so many people just starting their careers working virtually is all they know For everyone else who has had the remote option work is no longer synonymous with a physical location In this push pull world that means navigating and negotiating between the flexibility and opportunity you want and the commitment and performance that organizations need In other words you need to take control Whether you re focused on getting your next job or you are striving to get ahead where you are this is the book to guide your career path In the first section you ll understand how you re wired your A C T being authentic making a connection and giving others a taste of you who are you tapping your right brain and learning as the secret to sustainable success In the second section you ll figure out how to get the job and get ahead from targeting your next opportunity to nailing the interview And in the third section you ll master working with others from the 4 Career Knockout Punches to getting along with your boss and workers navigating culture and communicating and connecting In Take Control you ll discover how you can have the career you ve always wanted Consultation for Organizational Change Revisited David W.
