Philosophy of Science in the Light of the Perennial Wisdom Mahmoud

Bina,Alireza K. Ziarani,2020-07-11 Against the backdrop of the pervasive scientism of our time this book is a daring attempt to offer an intellectual critique of the foundations of modern science by rigorously examining the limitations of rational thought and empirical investigation Unique of its kind it situates science in the context of the perennial wisdom of the world's religions which for millennia have provided keys to true knowledge **Echoes of Perennial Wisdom** Frithjof Schuon,1992 A collection of short jewel like excerpts from Schuon's major works that evokes the essence of spiritual truths *The Underlying Religion* Martin Lings,2007-07-18 This is an anthology of 25 essays by the leading exponents of the perennialist school of comparative religious thought It aims to be the most accessible introduction yet to the perspective of the Perennial Philosophy Psychology and the Perennial Philosophy Samuel Bendeck Sotillos,2013-02-26 Modern psychology is at an impasse as it searches anxiously for new therapies to address the increasing occurrence of mental illness in contemporary society In this groundbreaking anthology leading authors from the perennialist school including Huston Smith Seyyed Hossein Nasr and Frithjof Schuon draw on the age old insights of the world's wisdom traditions to argue that modern psychology behaviorism psychoanalysis humanistic and transpersonal psychology overlooks the specifically spiritual factors contributing to mental health and illness **The Perennial Wisdom** Courtney Dorian Schlosser,2014-03-12 The search for knowledge and wisdom has always been a many sided pursuit Throughout human history mystics and seekers have shared powerful and intuitive views about the Divine while skeptics and nonbelievers have been quick to explain these beliefs away as self deception But the Truth is more complex and evolving than either of these approaches hence the need for philosophers who work to separate and connect the divine and the natural the subjective and the objective and the relative and the absolute Through an experimental and open minded approach to the world of spirituality the philosophy of perennialism recognizes the foundation that all of the world's religious traditions have always had in common regardless of culture location or generation It also inspires meaningful reflections and revelations regarding the nature of the divine the meaning of eternity and the purpose of life itself This academic look at perennialism provides a thorough evaluation of the spiritual philosophy from three directions mystical skeptical and pragmatic Through these varied points of view **The Perennial Wisdom** provokes meditation and thought regarding some of life's most challenging mysteries as seen through the eyes of students of the perennial philosophy **Perennial Wisdom** Elda Hartley,1985 **Traditionalism** Kenneth Oldmeadow,Harry Oldmeadow,2000 This book explains why no one engaged in religious and cultural studies can afford to disregard the urgent message of the traditionalists who have reminded a forgetful world in a manner which can be ignored but not refuted of those principles which everywhere and always remain true It also demonstrates why any reassessment of contemporary values now increasingly called into question must take into account the profound traditionalist critique of the modern Western worldview BOOK JACKET *The Perennial Philosophy and the Future of America* John White,2014-04-11 This mini book is a chapter from my forthcoming book Enlightenment 101 A Guide to God Realization and Higher Human

Culture The book looks at the experience of enlightenment for the individual and the race This chapter begins Perennial means always reappearing like flowers which are planted once and then come up every spring Philosophy of course means love of wisdom or more generally wisdom itself So the perennial philosophy means wisdom which appears again and again It has also been called the perennial wisdom and the ageless wisdom It appears throughout history in all cultures in all parts of the world It is timeless and universal It answers the most fundamental questions people have asked about existence It speaks to their highest concerns and has done so since humanity first developed a hunger for understanding ourselves and the meaning of existence It has aspects of religion metaphysics philosophy esoteric doctrines occult teachings and hermetic mysteries yet it transcends all of these specific traditions It is in the words of Ken Wilber the worldview that has been embraced by the vast majority of the world's greatest spiritual teachers philosophers thinkers and even scientists it's a testament to the universal nature of these truths to the universal experience of a collective humanity that has everywhere agreed to certain profound truths about the human condition and about its access to the Divine The perennial philosophy is in short the collective highest wisdom of humanity It is the spiritual data base of human insight and understanding about ultimate matters It has been accumulated from cultures around the world from East and West from seers and sages from sacred paths and religious traditions and from every endeavor by questing human beings to answer questions which are fundamental to human happiness

Words of Wisdom John W. Carlson, 2012-01-16 Like their predecessors throughout the late nineteenth and twentieth centuries popes John Paul II and Benedict XVI have emphasized the importance of philosophy in the Catholic intellectual tradition In his encyclical *Fides et ratio* 1998 John Paul II called on philosophers to have the courage to recover in the flow of an enduringly valid philosophical tradition the range of authentic wisdom and truth Where the late pope spoke of an enduringly valid tradition Jacques Maritain and other Thomists often have referred to the perennial tradition or to perennial philosophy *Words of Wisdom* responds to John Paul's call for the development of this tradition with a much needed dictionary of terms As a resource for students in colleges universities and seminaries as well as for teachers of the perennial tradition and interested general readers *Words of Wisdom* occupies a unique place It offers precise yet clear and understandable accounts of well over a thousand key philosophical terms richly cross referenced It also explains significant terms from other philosophical movements with which Thomism and the Catholic intellectual tradition more generally has engaged either through debate or through judicious and creative incorporation Moreover it identifies a number of theological and doctrinal expressions to which perennial philosophy has contributed Finally it provides a comprehensive bibliography of works by Aquinas in English expositions and discussions of perennial themes and representative examples from the writings of all philosophers and theologians mentioned in dictionary entries

Frithjof Schuon and the Perennial Philosophy Harry Oldmeadow, 2010-08-19 This introduction to the writings of Frithjof Schuon 1907 1998 the pre eminent spokesman of the Perennialist or Traditionalist school of comparative religious thought is the first book to present a

comprehensive study of his intellectual and spiritual message In addition to a clear explanation of Schuon s message of metaphysics and the great religions Oldmeadow includes an overview of Schuon s paintings and poetry and insights on prayer and virtue in the spiritual life *The Return of the Perennial Philosophy* John Holman,2012-01-01 Intelligent and perceptive this examination of the universal truths inherent in all cultures and religions is a powerful scholarly analysis of Western esotericism s deepest teachings John Holman contends that the perennial philosophy is not only at the heart of all world religions but also of all major schools of thought and writings by the great thinkers and philosophers no matter how diverse the presentation of their perceived truths In an accessible way Holman sheds light on a number of esoteric topics including The Absolute and the One the Great Chain of Being the Philosopher s Stone the Seven Spirits the evolution of consciousness and the Eternal Now paying particular attention to the subject of time This thought provoking book helps us to develop a better understanding of the nature of reality and our potential for transcendence and revolutionizes the debate on the perennial philosophy **Echoes of Perennial Wisdom** Frithjof Schuon,2012-02-16 This revised collection of brief and inspiring passages on the spiritual life was selected from Schuon s unpublished letters and papers as well as from his books They discuss our relationship with God the importance of prayer the meaning of virtue the significance of beauty in our lives as well as other spiritual themes This edition has been re translated and expanded to include 19 additional pages of moving excerpts The Perennial Philosophy Series ,2002 The Wisdom of Ananda Coomaraswamy Ananda K.
