The Plain Man Looks At The Apostles Creed:

The plain man looks at the Apostles' Creed William Barclay,1972 The Plain Man's Look at the Apostles' Creed William **The Apostles' Creed** William Barclay, 2001-04-01 The Apostles' Creed for Everyman William Barclay, 1967 Dr Barclay explores each great affirmation from I believe in God to In the Life Everlasting in twenty one lucid chapters He concludes with a penetrating analysis of the relevance of the Apostles Creed in our modern world provided by Water & Blood Phil Hinsley, 2014-10-23 What did he say He made himself equal with God This blasphemer must die There were many who heard what he said and stopped following him because his teaching was offensive to them Today many do not know what he actually said and often his words are ignored or misrepresented. The history of the church is one of divisions over what he taught and many counterfeit accounts of his teaching have gained acceptance This account will surprise and perhaps even shock many What did he look like What did he teach about heaven and hell What happens to us when we die What day did he die on What caused his death What day did he rise from the dead Why will he return What was his message in one short sentence We have got it all wrong Hell's Destruction Catherine Ella Laufer, 2016-04-22 The credal affirmation he descended to the dead has attracted a plethora of views over the centuries and many Christians today struggle to explain the meaning of these words This book explores various interpretations of the doctrine of Christ's descent to the dead both within particular historical contexts and within contemporary theology Laufer argues that the descensus clause Christ's descent is integral to Christian faith specifically to the doctrine of the incarnation If we are to affirm that in Christ God became truly human then that affirmation must include his sharing in the state of being dead that is the ultimate consequence of being human Laufer concludes that since the Son has experienced genuine human death and the separation from God which is the essence of hell there is no longer any human condition from which God is absent either in this life or in eternity Christ's descent means that he is truly hell s destruction Drawing on a treasure trove of writings from the western theological tradition including Luther Calvin Maurice Balthasar Moltmann and others and attending to historical theological exegetical philosophical and pastoral issues this book explores an often ignored doctrine which lies at the core of Christian life death and faith Time To Stand And Stare Martin G. Lewis, 2019-10-03 Part meditation part travelogue and part literary analysis Time to Stand and Stare Meditations on a Mountain Path takes readers along on the author's physical and metaphorical exploration of Wales and the Apostle's Creed and the Beatitudes Follow one man's journey as he questions fundamental writings of his Christian faith How can modern Christians apply ancient creeds and gospel writings to the finite time with which we live One solution lies in answering the question what did the writings mean to those who originally wrote and read them A truly unique mixture of science poetry and faith this book is a delightful read from the first line to the final one The beginning pulls the reader in asking them to journey with the author on his trek alone over the beautiful Welsh hills and valleys These walks afford the reader the opportunity to meditate on the ways we can admire and inspire the beauty of

nature and its relationship to our life journey Christ Crucified Donald Macleod, 2014-06-06 How could the life let alone the death of one man 2 000 years ago be the salvation of the human race Donald Macleod explains the centrality of the atonement in Christian faith and experience using seven key words to describe what happened on the cross substitution expiation propitiation reconciliation satisfaction redemption and victory What Christians Believe Anna Wierzbicka, 2019-02-28 Many people today both Christians and non Christians are confused about or unaware of the essentials of Christian faith In this book Anna Wierzbicka takes a radically novel approach to the task of communicating what Christians believe to the widest possible audience The Story of God and People which is the heart of this book sets out the core tenets of Christian faith in narrative form using Minimal English It is accessible to anyone even those with no familiarity with Christianity or Christian vocabulary Sanctus David T Williams, 2010-12-06 Even a cursory glance at the moral state of society and regrettably often including the Church shows a remarkable lack of holiness Yet God commanded us to be holy as he is holy Is not the lack of holiness at the root of much of the weakness of today's church This in depth study of sanctification centres on what God Father Son and Holy Spirit has done to make us holy and what the Christian response should be It understands sanctification as both demanded by and dependent upon justification an ongoing process coupled with distinct events of grace Christ has died for us to enable forgiveness sanctification is the development of the life of Christ in us A feature of the book is its provision of several illustrations of the path of Christian sanctification Mean? Anna Wierzbicka, 2001 Linguist Anna Wierzbicka casts new light on the words of Jesus by taking her theory of universal human concepts and bringing it to bear on Jesus parables and the Sermon on the Mount Her approach results in strikingly novel interpretations The Faith Once for All Jack Cottrell, 2002 Practical Help for Stressed Christians Andrew Procter, Elizabeth Procter, 2015-08-20 Stress is now a huge factor in modern living with one third of British workers likely to suffer from it some stage in their careers Christians are not immune Indeed it is arguable that they are even more vulnerable to overstress or burnout than secular people because of behavioural expectations relating to God Church society work and the prevailing culture In order to address these particularities each short chapter in this engaging book responds to a commonly asked question or typical statement such as How can I tell if I m overstressed I m so disillusioned and swamped at work I don't know how long I can carry on I m not managing time for God as I used to etc The authors then offer basic information followed by material for meditation or reflection encouragement of some sort and finally something for the William Barclay James Martin, 1984 This book is a refreshing antidote to weighty tomes attempting to reader to work on list every detail of the life of William Barclay Here we glimpse the real man as he was known by his close friends A man whose self confessed aim was to destroy the theological gobbledegook so prevalent in Christian circles and make the Gospel message clear and relevant to the ordinary man and woman We see a full and active life tinged with joy and sometimes sorrow but always characterised by that great love and enjoyment of people that made him such a popular figure This is truly

a personal memoir of a great man James Martin was a close friend of William Barclay for over 25 years Born in Motherwell he attended the same school as Barclay Dalziel High and went on to graduate MA BD from the University of Glasgow He has been minister of High Carntyne Church in Glasgow since 1954 and received an honorary DD from the University of Glasgow in 1983 His publications include A Plain Man in the Holy Land and Listening to the Bible Secularization in Malawi and **Britain** Billy Gama, 2022-11-30 The major purpose of this book is to critically examine the applicability of manifestations and factors of secularization in Britain to Malawi The book was guided by the key research question Are the manifestations and factors of secularization in Britain applicable to Malawi The question was supported by other follow up questions namely What were the factors that contributed to the rise of secularization in Britain What is the connection between Britain and Malawi To what extent does secularization in Britain affect that in Malawi Does Malawi have unique factors that are specific or are the same factors at work that have contributed to the process of secularization in Britain My Name is John John Cree, 2000 Having been a clergyman for thirty one years working in Britain and abroad John Cree has a comprehensive overview of changes which have occured throughout the latter part of the twentieth century He illustrates these changes by presenting two excerpts from his personal journals one from 1976 when he was working as a Methodist Missionary in Africa and the other from 1998 when he was working as a Vicar in an English Parish Alongside these two journal extracts the author presents the reader with two major theological works each written in the same period from which the journal extracts are taken With this material written twenty two years apart the author undertakes a case study in which social analysis and theological study are used as evidence to affirm the importance of Parish Ministry The importance of Community Mission and the Holy Trinity are seen as inter related elements in affirming the role of ordained and lay Ministry within the Church and community The author concludes by anticipating the future for grass roots Parish Ministry He affirms that the Preaching Pastoral and Priestly role will be as important in the future as has been the case in the past Aspects of GOD Phil Hinsley, 2024-02-18 A hundred years ago most people were familiar with the characters and stories contained in the Bible Today 2023 the opposite is true Due to the freedom from social pressure to conform to church attendance a great number of people have little or no interest in those stories and events recorded so long ago in the pages of the Bible That collection of books has lost credibility justifiably so for the majority who see it as an irrelevancy to today s pressing needs There is even a natural reluctance to read anything that is connected with the Bible so if you want to go against a natural reaction be prepared for some surprises and perhaps some new understanding because the Bible is not the irrelevant and anachronistic book that so many people think it is The Cumulative Book Index ,1907 A world list of books in the English language
