Religious Studies and Rabbinitics have overlapping yet distinct interests subject matter and methods Religious Studies is committed to the study of religion writ large It develops theories and methods intended to apply across religious traditions Rabbinitics by contrast is dedicated to a defined set of texts produced by the rabbinic movement of late antiquity Religious Studies and Rabbinitics represents the first sustained effort to create a conversation between these two academic fields In one trajectory of argument the book shows what is gained when each field sees how the other engages the same questions When did the concept of religion arise How should a scholar's normative commitments interact with their scholarship The book argues that if scholars from Religious Studies and Rabbinitics do not realize they are addressing the same problems they will not benefit from each other's solutions A second line of argument brings research methods theoretical claims and data

associated with one field into contact with those of the other When Religious Studies categories such as ritual or the sacred are applied to data from Rabbinics and conversely when text reading strategies distinctive to Rabbinics are employed for texts from other traditions both Religious Studies and Rabbinics enlarge their scope The chapters range across such themes as ritual failure rabbinic conceptions of scripture ethics food time and everyday life problems of definition and normativity in the study of religion J Z Smith s writings and the preaching of the African American Christian evangelical social justice activist John Perkins With chapters written by world class theorists of Religious Studies and prominent text scholars of Rabbinics the book provides a unique opportunity to expand the conceptual reach and scholarly audience of both Religious Studies and Jewish Studies The Oxford Dictionary of the Jewish Religion Raphael Jehudah Zwi Werblowsky,R. Moore, 2022-06-20 Targum Canticles composed in the dialectally eclectic idiom of Late Jewish Literary Aramaic LJA had immense historic popularity among Jewish communities worldwide In this work Paul

R Moore thoroughly analyses several of the Targum's grammatical peculiarities overlooked by previous studies. Through this prism he considers its literary influences, composition, and LjLA as a precursor of the highly eccentric Aramaic of the 13th century Spanish cabalistic masterpiece *The Zohar*. The study includes transcriptions and analysis of the previously unpublished fragments of the Targum from the Cairo Geniza and what is possibly its earliest known translation into Judaeo Arabic.

Life from the Dead John D. Garr, 2014-06-10 *Life from the Dead* is an in-depth study of the incredible endurance of the Jewish people in history despite ongoing systematic and unrelenting efforts to effect their genocide. The survival of the Jewish people is not however merely a testimony to their own resiliency or ingenuity. It is a testimony to the utter faithfulness of their God to maintain the integrity of the covenant he made with Abraham, Isaac, and Jacob. Your faith in God will be enriched as you read these dramatic subjects: Daily Prayer, As Good as Dead, Can These Bones Live, The God Wrestler, From the Pit to the Palace, A Resurrected Nation. By My Spirit Says the Lord, Mashiach, Life from the Dead. The God of Israel is the ruler over death and life. As such, he can heal the sick and restore the terminally ill to life, and in the end, he will keep faith with the righteous who are in the dust of the earth by bringing them forth to life from the dead in the resurrection. Life from the Dead will build your faith in God's power to triumph over death and to bring abundant life to all those who put their trust in him.

Soteriology and the End of Animal Sacrifice Giosuè Ghisalberti, 2018-08-24 *Soteriology and the End of Animal Sacrifice* traces the historically sustained critique of animal sacrifice in both the Jewish prophets and Greek philosophers and offers a reinterpretation of the fundamental expression of piety in both cultures. The Jewish prophets such as Isaiah and Greek philosophers beginning with Pythagoras provided not only an unequivocal denunciation of animal sacrifice as a religious ritual. Equally important, they also offered an alternative conception of piety in and through a language dedicated to the therapeutic health and well-being of others. In the philosophies of Socrates and Epicurus in the Greek world and in the teaching and healing of Jesus in the Jewish world of first-century Palestine, we reach a decisive moment in the revolution of religion in the ancient world. The practice of animal sacrifice in the temples of Greece and Jerusalem begins to be reconceived and eventually abolished and replaced by a soteriology or healing wholly dedicated to the well-being of individuals, no less than entire societies. The replacement of animal sacrifice with soteriological speech is the single most important revolution in the religions of antiquity.
