The Path Of Infinite Sorrow:

The Kokoda Campaign 1942 Peter Williams,2012-03-02 The fighting on the Kokoda Track in World War II is second only to Gallipoli in the Australian national consciousness The Kokoda campaign of 1942 has taken on mythical status in Australian military history According to the legend Australian soldiers were vastly outnumbered by the Japanese who suffered great losses in battle and as a result of the harsh conditions of the Kokoda Track In this important book Peter Williams seeks to dispel the Kokoda myth Using extensive research and Japanese sources he explains what really happened on the Kokoda Track in 1942 Unlike most other books written from an Australian perspective The Kokoda Campaign 1942 Myth and reality focuses on the strategies tactics and battle plans of the Japanese and shows that the Australians were in fact rarely outnumbered For the first time this book combines narrative with careful analysis to present an undistorted picture of the events of the campaign It is a must read for anyone who is interested in the truth of the Kokoda campaign of 1942

The Man Inside Graham Apthorpe,2019-07-05 Graham Apthorpe s account of the Cowra outbreak is superb Narrated in a fresh way in elegant and original prose and with a wonderful gift for taking the unexpected angle it does great service to this astonishing Australian Japanese event and will have a honoured place in the canon of fascinating works on the incident Thomas Keneally The War in the Pacific has turned thousands of the previously invincible Japanese soldiers are now being captured in New Guinea and interned at the Cowra Prisoner of War Camp Unlike other POWs the traditional Japanese Bushido Code and their fanaticism leaves them ill equipped for surrender and imprisonment Ashamed subdued and sullen one man Second Lieutenant Maseo Naka is an exception Obstructing the Australian authorities at every turn he was the first Japanese soldier to escape from Cowra This action becomes the precursor for the more than 1000 Japanese prisoners who escape in the bloodiest Breakout of World War II that ultimately saw 234 Japanese and four Australian guards killed His escape and the defiance guilt and shame that motivated it led to his court martial Naka nevertheless stands out as very human another tragic victim of the global inferno that was World War II Adhering to the Samurai Code of Bushido he doggedly undertakes actions that he views as necessary for the maintenance of his honour Through the insights of those around Naka together with new research including the personal accounts of Australian interrogators the author shows how this handsome loner provided the impetus for the dramatic events in the early hours of August 5 1944 where hundreds of Japanese soldiers stormed the Camp defences for honour or death **The Path of Infinite Sorrow** Craig Collie,Hajime

Marutani,2010-10-19 Japanese **War at the End of the World** James P. Duffy,2023-12-05 A harrowing account of an epic yet nearly forgotten battle of World War II General Douglas MacArthur s four year assault on the Pacific War s most hostile battleground the mountainous jungle cloaked island of New Guinea A meaty engrossing narrative history This will likely stand as the definitive account of the New Guinea campaign The Christian Science Monitor One American soldier called it a green hell on earth Monsoon soaked wilderness debilitating heat impassable mountains torrential rivers and disease infested

swamps New Guinea was a battleground far more deadly than the most fanatical of enemy troops Japanese forces numbering some 600 000 men began landing in January 1942 determined to seize the island as a cornerstone of the Empire s strategy to knock Australia out of the war Allied Commander in Chief General Douglas MacArthur committed 340 000 Americans as well as tens of thousands of Australian Dutch and New Guinea troops to retake New Guinea at all costs What followed was a four year campaign that involved some of the most horrific warfare in history At first emboldened by easy victories throughout the Pacific the Japanese soon encountered in New Guinea a roadblock akin to the Germans disastrous attempt to take Moscow a catastrophic setback to their war machine For the Americans victory in New Guinea was the first essential step in the long march towards the Japanese home islands and the ultimate destruction of Hirohito s empire Winning the war in New Guinea was of critical importance to MacArthur His avowed I shall return to the Philippines could only be accomplished after taking the island In this gripping narrative historian James P Duffy chronicles the most ruthless combat of the Pacific War a fight complicated by rampant tropical disease violent rainstorms and unforgiving terrain that punished both Axis and Allied forces alike Drawing on primary sources War at the End of the World fills in a crucial gap in the history of World War II while offering readers a narrative of the first rank

Kokoda Karl James, 2017-03-27 *Kokoda Beyond the Legend* provides readers with a complete understanding of this major turning point in the Second World War

The Battle for Isurava David W. Cameron, 2022-03-01 Within 24 hours of the Japanese invasion of northern New Guinea at Gona in July 1942 the Australian militiamen of B Company 39th Battalion spent four weeks fighting a delaying action against a crack Japanese force outnumbered by three to one By mid August the rest of the battalion had arrived and these men took up a position at Isurava in the heart of the cloud covered mountains and jungles of the Owen Stanley Range At Isurava this small militia force of the 39th Battalion now numbering around 300 men was determined to make a stand against a crack Japanese force of the 144th Regiment and supporting elements numbering at least 1500 Then on the day the Japanese launched their attack to the great relief of these militiamen reinforcements from the 2nd AIF who had fought with great distinction in the Middle East began to arrive in the afternoon having spent days struggling up the track from Port Moresby Even so the Australians were still outnumbered as the Japanese also received reinforcements and unlike the Japanese the Australians had no supporting artillery or medium machineguns The battle for Isurava would be the defining battle of the Kokoda Campaign and has rightfully been described as Australia s Thermopylae It was here that Australia s first Victoria Cross in the Pacific war was awarded when the Japanese conducted several ferocious attacks against the Australian perimeter Private Bruce Kingsbury led an Australian counterattack rushing forward sweeping the Japanese positions with his Bren gun saving the situation when all seemed lost he was killed leading the charge Another two men were also nominated for the VC during the fighting at Isurava The outnumbered and poorly equipped Australians managed to hold back the Japanese advance for almost a week only then did these battle scared and weary men begin a month long fighting withdraw towards Ioribaiwa Ridge just north of

Port Morsby However their sacrifice provided time for the Australian 25th Brigade to be brought forward finally forcing the Japanese to withdrawal just as they glimpsed the lights of Port Morsby

Where the Flaming Hell Are We? Craig Collie, 2023-08-01 The ANZ bestselling story of the fight for Greece and Crete through the eyes of the soldiers We used our knees and our rifle butts and our blades For a while we stopped being ordinary blokes and became blood lusted creatures March 1941 40 000 Australian and New Zealand troops are rushed to Greece in a desperate attempt to stop the Wehrmacht overrunning the country Most of them overseas for the first time in their lives they seek excitement and adventure What they get are experiences they could never have imagined The operation is doomed to fail but not before the Aussies and Kiwis succeed in holding up the German advance and evacuating thousands mainly to Crete where Hitler next sets his sights As the Nazis assault the island they deploy a devastating new weapon of invasion paratroopers for the very first time meeting desperate resistance as the Allies fight for their lives Craig Collie bestselling author of *The Path of Infinite Sorrow* and *Nagasaki* delves into the experiences of the soldiers who fought in the mountains and villages of Greece and faced entrapment and death on Crete We all know of Gallipoli and the Fall of Singapore but Greece and Crete are also major events in our countries shared history and as with those two great military disasters British leadership has much to answer for Through first hand accounts *Where the Flaming Hell Are We* brings to life the gripping story of the fight for Greece and Crete in World War II The soldiers experiences many told here for the very first time are a testament to the human spirit and the unbreakable bonds formed in war Wonderfully woven this is the fight for the Aegean in World War II come to life A great read Peter FitzSimons author of *Kokoda* Master storyteller Craig Collie recounts an untold history of a little remembered series of desperate actions in the Mediterranean spring of 1941 The well researched narrative lives populated with typical Anzac men and women a story I m sorry I didn t think to write myself Will Davies author of *Beneath Hill 60* vividly created Using first hand testimonies this is dramatic popular history Sydney Morning Herald brings to life two major events during Australia s involvement in World War II Canberra Times Collie delves into the experiences of the soldiers who fought in the mountains and villages of Greece and faced entrapment and death on Crete He uses a variety of sources to enhance the story of unworldly young men who viewed war as a big adventure A highly readable account of a campaign of which little is known or understood in the wider Australian public Australian Defence Magazine Using a range of firsthand accounts Collie tells an engaging story of the battles and the aftermath of evacuation and capture for some Canberra Weekly

Bloody Buna David W. Cameron, 2024-01-03 With the Australian troops crossing of the Kumusi River in mid November after pushing the Japanese back along the Kokoda Track the time had come to face the entrenched Japanese at their beachhead at Gona Sanananda and Buna The end of the Kokoda Campaign in mid November 1942 marked a turning point for the Australians but the fighting was far from over Within days the battles for the three Japanese beachheads would commence These battles where the first combined large scale operation between Australian and American troops against the Japanese and would

prove to be among the fiercest of the Pacific War At Buna the final battles to take New and Old air strips by the Australians along with the ongoing American attacks to take the infamous Triangle proved to be a brutal and deadly bloodbath for all concerned Amidst the crocodile infested swamps and lowland jungle with dozens of Japanese bunkers and pillboxes with supporting artillery the Australians who fought at all three beachheads faced an unprecedented toll suffering more killed or wounded than in any other campaign of the Pacific war In the face of relentless combat the Allied forces at Buna suffered staggering casualties with 2817 men lost at Buna The American 32nd Division sustained 1954 casualties including 353 killed 18% 1508 wounded and 93 missing amounting to around 40 per cent casualties over a six week period The Australian 18th Infantry Brigade and supporting elements suffered 863 casualties with 267 killed 31% 557 wounded and 39 missing amounting to around 60 per cent casualties over just three weeks of fighting As the battle raged on the Japanese suffered significant losses with a minimum of 1390 men killed at Buna The true number of their dead lost in history is likely much higher with conservative estimates suggesting around 3000 fatalities Bloody Buna sheds light on the untold sacrifices and heroism displayed by the Australian and American troops as they clashed with the Japanese in one of the most vicious chapters of the Pacific War

Islands of Destiny John Prados, 2013-10-01 The Battle of Midway is traditionally held as the point when Allied forces gained advantage over the Japanese In *Islands of Destiny* acclaimed historian and military intelligence expert John Prados points out that the Japanese forces quickly regained strength after Midway and continued their assault undaunted Taking this surprising fact as the start of his inquiry he began to investigate how and when the Pacific tide turned in the Allies favor Using archives of WWII intelligence reports from both sides Prados offers up a compelling reassessment of the true turning in the Pacific not Midway but the fight for the Solomon Islands Combat in the Solomons saw a series of surface naval battles including one of the key battleship versus battleship actions of the war two major carrier actions daily air duels including the aerial ambush in which perished the famous Japanese naval commander Admiral Yamamoto Isoroku and many other hair raising exploits Commencing with the Allied invasion of Guadalcanal Prados shows how and why the Allies beat Japan on the sea in the air and in the jungles

The Reporter and the Warlords Craig Collie, 2013-10-01 Set against a background of the birth of modern China this is the true story of Australian journalist Bill Donald and his role in those turbulent events in the first half of the 20th century With no agenda other than an unshakeable belief in China's potential Donald was drawn into the republican revolution as it swept aside the last imperial dynasty becoming advisor to a succession of idiosyncratic political figures Sun Yat sen a Manchurian warlord and the Chiang Kai sheks In his relentless pursuit of China's destiny he tracked down Russia's Baltic Fleet cured the warlord of his opium addiction and confronted the kidnappers of the nation's leader A born raconteur charming generous and blunt to the point of rudeness Donald lived in China for most of his adult life Yet he remained steadfastly the down to earth Australian from a New South Wales mining town pretending not to speak Chinese refusing to use chopsticks and shunning Chinese food Surprising

compelling and richly told *The Reporter and the Warlords* introduces an extraordinary Australian character and brings to life the turmoil behind events still unfolding in the new superpower that is China
