The Penguin History Of The World Sixth Edition:

The Penguin History of the World J M Roberts, Odd Arne Westad, 2013-03-28 This is a completely new and updated edition of J M Roberts and Odd Arne Westad's widely acclaimed landmark bestseller *The Penguin History of the World*. For generations of readers *The Penguin History of the World* has been one of the great cultural experiences: the entire story of human endeavour laid out in all its grandeur and folly, drama and pain in a single authoritative book. Now for the first time it has been completely overhauled for its 6th edition, not just bringing it up to date but revising it throughout in the light of new research and discoveries such as the revolution in our understanding of many civilizations in the Ancient World. The closing sections of the book reflect what now seems to be the inexorable rise of Asia and the increasingly troubled situation in the West. About the authors: J M Roberts CBE published *The Penguin History of the World* in 1976 to immediate acclaim. His other major books include *The Paris Commune* from the Right, *The Triumph of the West* which was also a successful television series, *The Penguin History of Europe* and *The Penguin History of the Twentieth Century*. He died in 2003. Odd Arne Westad FBA is Professor of International History at the London School of Economics. He has published fifteen books on modern and contemporary international history among them *The Global Cold War* which won the Bancroft Prize and *Decisive Encounters* a standard history of the Chinese civil war. He also served as general co-editor of the *Cambridge History of the Cold War*. Reviews: A work of outstanding breadth of scholarship and penetrating judgements. There is nothing better of its kind. Jonathan Sumption, Sunday Telegraph. A stupendous achievement. A J P Taylor. A brilliant book, the most outstanding history of the world yet written. J H Plumb. **The Penguin History of the World** John Morris Roberts, 1995 The History of the World John Morris Roberts, Odd Arne Westad, 2013 First published in 1976 J M Roberts's *The New History of the World* is a one of the landmark works of our era. The Polymath Waqas Ahmed, 2019-02-11 Every human is born with multifarious potential Why then do parents schools and employers insist that we restrict our many talents and interests that we specialise in just one We've been sold a myth that to specialise is the only way to pursue truth identity or even a livelihood Yet specialisation is nothing but an outdated system that fosters ignorance exploitation and disillusionment and thwarts creativity opportunity and progress Following a series of exchanges with the world's greatest historians futurists philosophers and scientists Waqas Ahmed has weaved together a narrative of history and a vision for the future that seeks to disrupt this prevailing system of unwarranted hyper specialisation In The Polymath Waqas shows us that there is another way of thinking and being Through an approach that is both philosophical and practical he sets out a cognitive journey towards reclaiming your innate polymathic state Going further he proposes nothing less than a cultural revolution in our education and professional structures whereby everyone is encouraged to express themselves in multiple ways and fulfil their many sided potential Not only does this enhance individual fulfilment but in doing so facilitates a conscious and creative society that is both highly motivated and well equipped to address the complexity of 21st century challenges
