The People Speak Voices That Changed Britain:

The People Speak Colin Firth, Anthony Arnove, David Horspool, 2012 The People Speak tells the story of Britain through the voices of the visionaries dissenters rebels and everyday folk who took on the Establishment and stood up for what they believed in Here are their stories letters speeches and songs from the Peasants Revolt to the Suffragettes to the anti-war demonstrators of today They are some of the most powerful words in our history Compiled by the Oscar winning actor Colin Firth influential writer Anthony Arnove and the acclaimed historian David Horspool The People Speak reminds us that democracy has never been a spectator sport Rethinking America's Past Robert Cohen, Sonia E. Murrow, 2021-11-01 No introductory work of American history has had more influence over the past forty years than Howard Zinn's A People's History of the United States which since its publication in 1980 has sold more than three million copies Zinn s iconoclastic critique of American militarism racism and capitalism has drawn bitter criticism from the Right most recently from President Donald Trump who at his White House Conference on American History in 2020 denounced Zinn as a Left propagandist and accused teachers aligned with Zinn of indoctrinating students to hate America and be ashamed of its history Rethinking America's Past is the first work to use archival and classroom evidence to assess the impact that Zinn's classic work has had on historical teaching and learning and on American culture This evidence refutes Trump's charges showing that rather than indoctrinating students Zinn's book has been used by teachers to have students debate and rethink conventional versions of American history Rethinking America's Past also explores the ways Zinn's work fostered deeper more critical renderings of the American past in movies and on stage and television and traces the origins and assesses the strengths and weaknesses of A People's History in light of more recent historical scholarship Making Strangers: Outsiders, Aliens and Foreigners Abbes Maazaoui, 2019-04-05 Studies on foreignness have increased substantially over the last two decades in response to what has been dubbed the migration refugee crisis Yet they have focused on specific areas such as regions periods ethnic groups and authors Predicated on the belief that this so called twenty first century problem is in fact as old as humanity itself this book analyzes cases based on both long term historical perspectives and current occurrences from around the world Bringing together an international group of scholars from Australia Asia Europe and North America it examines a variety of examples and strategies mostly from world literatures ranging from Spain's failed experience with consolidation as a nation state type entity during the Golden Age of Castile to Shakespeare's rhetorical subversion of the language of fear and hate to Mario Rigoni Stern s random status at the unpredictable Italian Austrian borders to Lawrence Durrell s ambivalent approach to noticing the physically visible other to the French government's ongoing criminalization of hospitality to Sandra Cisneros's attempt at straddling two countries and cultures while belonging to neither one to the illusive legal limbo of the DREAMers in the United States We are not born foreigners we are made The purpose of the book is to assert as denoted by the title this fundamental premise that is the making of strangers is the result of a deliberate and purposeful act that has social political

and linguistic implications. The ultimate expression of this phenomenon is the compulsive labeling of people along artificial categories such as race gender religion birthplace or nationality A corollary purpose of the book is to help shed light worldwide on one of the most pressing issues facing the world today the place of the other amid fear mongering and unabashedly contemptuous acts and rhetoric toward immigrants refugees and all those excluded within because of race gender national origin religion and ethnicity As illustrated by the examples examined in this book humans have certainly evolved in many areas dealing with the other might not have been one of those It is hoped that the book encourages reflection on how the arts and especially world literatures can help us navigate and think through the ever present crisis the place of the stranger among us How to Write a Parliamentary Speech Paul Richards, 2024-10-03 How to Write a Parliamentary Speech is a practical guide to effective speechwriting from one of the best in the business In this fresh funny practical guidebook Paul Richards deploys his thirty years experience writing parliamentary speeches to offer tips tricks and sage advice From the maiden speech to the resignation farewell via tributes apologies second readings adjournments and all points in between this book gives you the inside track on how it s done How to Write a Parliamentary Speech will help politicians and their staff write and deliver better speeches But more than that it provides anyone interested in politics with a behind the scenes view of how our politicians make their arguments use and misuse language and ultimately make the laws of the land David Cameron Tony Benn Margaret Thatcher Barbara Castle Charles Kennedy Tony Blair Liz Truss Aneurin Bevan George Galloway and Michael Gove all make an appearance as Paul Richards pulls apart their speeches and sees what we can all learn There are one or two stinkers too to see how not to do it There are lots of books about speechwriting but this is the first one in 800 years about how to write a parliamentary speech The Progressive Pilgrim Alan Burnett, 2025-06-10 The Progressive Pilgrim is wide ranging in its scope It is both a guide and a gazetteer and a research and resources digest It covers radical people and places as well as political action and activities in the past as well as the present Dr Alan Burnett says My main motivation with this book is to share my version of progressive radicalism my admiration for radical men and women past and present my knowledge of the geography of Britain where radical action has taken place my enthusiasm for research that can assist in progressive campaigning and policymaking and some of the films songs and books that I love My hope is that reading this book will foster a sense of pride in what has been achieved by British progressives radicals and a determination to continue a tradition that will make Britain a better country in which to be born grow up be educated live work play retire die and leave for those coming after us Writing History 7-11 Hilary Cooper, 2014-06-05 Writing History 7 11 supports students and primary teachers helping them to explore ways in which activities involving the talk that underpins historical enquiry can be developed into reading and exciting extended reflective writing The step that teachers and pupils take from talk for learning to talk for writing is a vital one In this book the authors argue that all aspects of historical enquiry leading to writing involve discussion and dialogue which permeate every aspect of doing history From

this perspective they set out a theoretical framework for understanding the role of talk and reading in developing pupils critical thinking and confident reflective writing then demonstrate through a series of case studies in which teachers university lecturers and pupils work together how the theory is put into practice in the classroom Themes include How to support children in writing in a variety of interesting genres How to make links between the National Curriculum 2013 for History and for English How to plan for breadth and depth studies in the new National Curriculum How activities in History 5 11 can be developed into exciting extended writing The second half of the book draws upon case studies from a number of real primary classrooms with children of different ages Each case study shows how teaching was planned to develop children s confidence and enjoyment in discussion and to scaffold reasoned written explanation and argument Topics presented are all relevant to the new curriculum framework and include talking and reading about Time change and significance over 6000 years writing a television script Celtic Britain and the Roman Army writing a travel brochure about Celtic Britain The destruction of Roman towns writing a Saxon poem An archaeological investigation of a body in a Danish peat bog writing a newspaper report Did any countries benefit from WW11 writing an argued viewpoint The expansion westwards of European settlers writing a flap book exploring different perspectives. This indispensable book provides not only sources for pupils to use in their writing but also models and exemplars of different styles and voices to draw upon **Oliver Cromwell** (**Penguin Monarchs**) David Horspool, 2017-02-23 Although he styled himself His Highness adopted the court ritual of his royal predecessors and lived in the former royal palaces of Whitehall and Hampton Court Oliver Cromwell was not a king in spite of the best efforts of his supporters to crown him Yet as David Horspool shows in this illuminating new portrait of England's Lord Protector Cromwell the Puritan son of Cambridgeshire gentry wielded such influence that it would be a pretence to say that power really lay with the collective The years of Cromwell's rise to power shaped by a decade long civil war saw a sustained attempt at the collective government of England the first attempts at a real Union of Britain the beginnings of empire a radically new solution to the idea of a national religion atrocities in Ireland and the readmission to England of the Jews a people officially banned for over three and a half centuries At the end of it Oliver Cromwell had emerged as the country's sole ruler to his enemies and probably to most of his countrymen his legacy looked as likely to last as that of the Stuart dynasty he had replaced The People Speak Anthony Arnove, Colin Firth, 2012-09-13 The idea was simple take the most impassioned speeches about the fight for what is right and bring them to life for a new generation COLIN FIRTH The People Speak tells the story of Britain through the voices of the visionaries dissenters rebels and everyday folk who took on the Establishment and stood up for what they believed in Here are their stories letters speeches and songs from John Ball to Daniel Defoe from Thomas Paine to Oscar Wilde from the peasants revolts to the suffragists to the anti war demonstrators of today Spanning almost 1 000 years and over 150 individual voices these are some of the most powerful words in our history Compiled by Academy Award winning actor Colin Firth influential writer Anthony Arnove and acclaimed
