## **The Philosophy Of Sherlock Holmes Philosophy Of Popular Culture:**

The Philosophy of Sherlock Holmes Philip Tallon, David Baggett, 2012-09-28 Arguably the most famous and recognized detective in history Sherlock Holmes is considered by many to be the first pop icon of the modern age Sir Arthur Conan Doyle's fictional detective has stood as a unique figure for more than a century with his reliance on logical rigor his analytic precision and his disregard of social mores A true classic the Sherlock Holmes character continues to entertain twenty first century audiences on the page stage and screen In *The Philosophy of Sherlock Holmes* a team of leading scholars use the beloved character as a window into the quandaries of existence from questions of reality to the search for knowledge The essays explore the sleuth's role in revealing some of the world's most fundamental philosophical issues discussing subjects such as the nature of deception the lessons enemies can teach us Holmes's own potential for criminality and the detective's unique but effective style of inductive reasoning Emphasizing the philosophical debates raised by generations of devoted fans this intriguing volume will be of interest to philosophers and Holmes enthusiasts alike *Sherlock Holmes and Philosophy* Josef Steiff, 2011-10-11 This entertaining collection of essays shows that Sherlock Holmes sees things others don't He sees the world in a different way and by so doing allows us to see that same world and human behavior in different ways as well Oh sure there have been countless detectives who have followed in his footsteps and who seem to rival his abilities Just turn on the TV or browse the local bookshop and you'll find idiosyncratic super sleuths using forensics and reasoning to solve a whole host of crimes and misdeeds And yet no one rivals our dear dear Holmes Why does Sherlock reign even more than a century later as king Can this mystery be solved Unable to reach either Holmes or Watson or Doyle for that matter though we've tried every medium we can think of we've been forced to gather our own team of investigators to practice their powers of observation and perception to apply their own reasoning and methodologies to the task at hand The results I fear have led us to a number of cases that must be solved first Is Holmes simply eccentric or a sociopath Is he human or something from the holodeck Is he as dangerous on the page as he is in person Wait does he even exist For that matter do you I fear several investigators have been forced to take a much needed holiday after wrestling with that one What is the source of his faculty of observation and facility for deduction Systematic training as Watson surmises Genetic Or is he just really lucky And is this whole logic thing compatible with emotions Are Holmes and Watson good friends or soul mates Just what is the nature of friendship Do they complete each other or just get on each other's nerves And why all the secrecy Disguises Deceptions The plot thickens What is the essence of consciousness Is the observable world subject to our intentions Why does Holmes debunk mysticism when Doyle so readily embraces it Why is Holmes our favorite drug user Our notebooks are filled with clues and dare I say answers Is there more than one way to define the concept justice Is hope necessary in the world Is boredom Play Can any thing really be understood Objectively And just what is the last unresolved mystery involving Sherlock Holmes The game that's afoot isn't just the thing being pursued but the fun to be had as well **The Critical Reception of**

**Sir Arthur Conan Doyle** Laurence W. Mazzeno,2023 Examines both academic and popular assessments of Conan Doyle's work giving pride of place to the Holmes stories and their adaptations and also attending to the wide range of his published work Twenty first century readers television viewers and moviegoers know Arthur Conan Doyle as the creator of Sherlock Holmes the world's most recognizable fictional detective Holmes's enduring popularity has kept Conan Doyle in the public eye However Holmes has taken on a life of his own generating a steady stream of critical commentary while Conan Doyle's other works are slighted or ignored Yet the Holmes stories make up only a small portion of Conan Doyle's published work which includes mainstream and historical fiction history drama medical spiritualist and political tracts and even essays on photography When Doyle published whatever the subject his contemporaries took note Yet outside of the fiction featuring Sherlock Holmes until recently relatively little has been done to analyze the reception Conan Doyle's work received during his lifetime and since his death This book examines both academic and popular assessments of Conan Doyle's work giving pride of place to the Holmes stories and their many adaptations for print visual and online media but attending to his other contributions to turn of the twentieth century culture as well The availability of periodicals and newspapers online makes it possible to develop an assessment of Conan Doyle's and Sherlock Holmes's reputation among a wider readership and viewership thus allowing for development of a broader and more accurate portrait of Doyle's place in literary and cultural history
